

PlaceWell

Smart labels. Simple setup.

Download the app, load your label set, and start organizing.

QUICK START

Download the PlaceWell app

Scan the QR for your phone.

iPhone

PlaceWell download page

Android

Get it on Google Play

Your package includes a separate Order QR - keep it nearby.

Set up in four easy steps

1 Download PlaceWell

Scan the QR above for your phone, then install and open the app.

2 Load your label set

Tap the gold Scan button, allow camera access, and scan your included Order QR.

3 Set up your labels

Review the labels, choose their room and location, then tap Create Labels.

4 Stick, scan, and organize

Apply each label. Scan it anytime to view or update what is stored there.

Keep your Order QR until your label set has been added successfully.
